

University IT Services

News E-mail Listserv, UITSNews

An electronic mailing list specifically for UITS news and announcements has been created. All UITS news and announcements will be posted on this list, which is also accessible via the web at <http://uits.uark.edu/news/>.

Postings will be divided into the following topics:

News
PC
Mac
Email
Web
Dial-up

No other postings will be made on this listserv and subscribers cannot post to this list. It is an information list only.

The topic of the mailing will always be included in the subject line, so you can delete a message without opening it if the subject is not one you are interested in. We urge everyone to read ALL of the News topic mailings because they contain information that pertains to the whole campus.

To subscribe to UITSNEWS:

1. Send a message to listserv@listserv.uark.edu
2. The body of the message should be: **subscribe uitsnews** *YourName* (type in your name)
3. Include no subject or signature file in this message

If you have any questions, contact the Computing Services Help Desk at 575-2905.
